

ELEVATE LEARNING AT EVERY CAREER STAGE

THE VALUE OF A LEARNING PLATFORM

Do you want to improve employee performance, increase satisfaction, and allow your training budget to go further? Do you notice a disconnect between the educational opportunities available and the way that your employees want to learn? As employees transition toward a mobile-first and readilyavailable mindset, business learning and training methods must also evolve to keep pace. With a learning platform, you can provide employees a unified, on-demand learning experience to help them build the skills they need to elevate their career and support your business

WHY YOUR PARTNER MATTERS

Success is in the details. The right partner will work with you from the start to map how your Learning platform will support your overall business strategy, identify specific project goals, and optimize the solution to be most effective for your employee population. As a 'Fast Follower' for Workday, we bring our deep experience and proven tools to make your learning project a success from planning to post-production, with defined validation checkpoints and testing at every phase of your learning solution deployment.

TRULY COLLABORATIVE

You don't just need a deployment partner, you need an ally. At Collaborative Solutions, we believe one plus one equals three when you pair driven clients with experienced consultants. We evaluate your needs and goals to help you understand your transition, regardless of your current system. We pay

close attention to your project scope, so if unforeseen business challenges arise, such as unplanned staffing changes or a merger, we quickly adjust to meet those new needs, mitigate risks, and keep your deployment on track.

MODERN LEARNING

The learning platform solutions we deploy foster a knowledge-sharing environment, allowing the subject experts to create valuable content and freeing learning professionals to focus on strategic initiatives.
